Smart T

4 wire nuggets is the offline lighting product for permanent decorative lighting solution. Each nugget LED light is spaced at 1 foot and is digitally addressable, giving you all sorts of static and dynamic effects such as chasing effects to celebrate occasions and festivals throughout the year. It uses a power efficient digital RGB LED technology. The installation process with a plug and play control system is simple, complimented by advanced features and functionality.

16 Million Color Combinations with Brightness Control

Specific Whites including Warm to Cool

iOS, Android App; and Web Apps Control via MeshTek Gateway

Features and Advantages:

Plug 'n' Play Solution Easy To Install and Setup

Water-Proof Lighting

High Lumens Output for every color with HyperLux Technology

Digitally Addressable RGB LEDs

One Controller for upto 800 Nuggets in upto 4 Directions

Works with MeshTek's Advanced Bluetooh Mesh Controller and Apps

Dual Data Line Technology for Industry's Highest Reliability

Fits in Patented UV Protected Track Invisible During The Day

General Specifications:

Input Voltage Range	8V - 38V DC (Single Nugget)
Standard Supply Voltage	24V DC (using MeshTek provided 24V DC MeanWell Power Supply)
Operating Temperature	-30 °C to 60 °C
Dimensions (mm)	50 x 11.4 x 8.9 (+/- 0.2 mm)
LED Type	Digitally Addressable RGB
Color (Nugget)	Clear
IP Rating	IP67
Light Output	16 Million Colors and Dimmable
Whites Color Temperature Range	2000K to 7500K
Installation System	UV Protected Track with Base and Lid
