

Celebrate any season, any reason!

Digitally Addressable LEDs:

Programmable schedules, color options, presets, effects, and scenes allow you to celebrate any holiday or occasion...

1

One Time Installation

One-time, hassle-free, and quick installation. Our permanent lighting surpasses temporary lighting in efficiency, convenience, and aesthetic appeal.

Easy Finance Options

Win more customers by enabling them to convert large purchases into smaller monthly payments.

Huge Profits

For a small financial commitment, you're able to build a multi-million dollar business with full support from the BlueHopper team.

Patented Technology

35+ Patents showcasing our unique lighting solution that outranks all competition in the segment.

Up to 50K+
Hours of LED Life

Invisible during the day, amazing at night.

Our lighting strips totally disappear into the structure of buildings on which it is installed. Thanks to special acrylic mounted casings!

Let the advanced automation
of **BlueHopper App** do its role
throughout the year.

Opportunity For Installers

Broad Service Fit:

Ideal for electricians, landscapers, irrigation service providers, roofing companies, signage companies, and most home improvement and automation service providers.

High-Margin Opportunity: Premium permanent lighting with strong margins and year-round demand.

Training, Tools & Support:

Expert-led training, powerful installer tools, and ongoing technical support for every stage of your projects.

No Inventory Required: Order per project—no stocking, no carrying costs, no risk.

Marketing & Lead Generation:

Co-branded marketing assets, local map listings, and qualified leads from your local market.

Design Support: Free expert lighting designs to help installers plan, visualize, and execute outdoor lighting projects with ease.

Installer Community: Be part of a trusted network of certified installers for collaboration and growth.

Best-in-Class Warranty: Deliver long-term peace of mind with a robust, industry-leading warranty.

World's most reliable, long-range, bi-directional BLE mesh that brings exponential capabilities.

What Makes BlueHopper So Versatile?

BlueHopper offers permanent roofline lighting and a complete range of landscape lighting solutions for homes, businesses, and municipal buildings. The lighting system is app-controlled, allowing scheduling and offering numerous colors, scenes, and motion patterns, and offers the world's only reliable, long-range network that connects 5,000+ devices in 10 mn—sq. Ft.

BlueHopper, our bespoke app, is the brain behind BlueHopper's smart lighting. This user-friendly platform allows for effortless programming and scheduling, harnessing MeshTek's Bluetooth Mesh for local control. With optional integrations including Alexa, Google, and various security systems, BlueHopper offers flexibility and advanced control for every BlueHopper installation.
