Up to 50K+
Hours of LED Life

Invisible during the day, amazing at night.

Our lighting strips totally disappear into the structure of buildings on which it is installed. Thanks to special acrylic mounted casings!

"MeshTek is leading the increase of transformative digital lighting installations that were once cost-prohibitive and complex. Their patented, long-range Bluetooth mesh is the brilliance behind the solution and the future of outdoor device connectivity."

ABOUT BLUEHOPPER

BlueHopper's outdoor lighting provides a permanent decorative flair tailored for dining venues. Designed to emulate the glow of traditional C9 strings at night, the roofline lights remain hidden during the day, tucked neatly under a decorative trim. Our landscape lighting boasts a diverse product range and solutions, including floodlights and wall-washers. With app-controlled features, it offers year-round scheduling capabilities, hundreds of color variations, and a mix of dynamic and static patterns. This power efficient, digitally addressable LED system not only elevates festive celebrations and events but also highlights special themed evenings in restaurants. Its plug-and-play nature ensures ease of use, further enhanced by its sophisticated features and functionality.
